Dear Parents/Guardians:

Recently concerns about student safety related behaviour has been brought to our attention. As a district, we want to assure you that we take these concerns seriously. We are committed to ensuring the emotional health, safety and well being of all students and staff in our district. We are in the process of initiating an independent review of the climate and culture of all schools. This review will help us identify and implement strategies that ensure positive, safe, caring and inclusive school environments in our district.

If you have specific concerns about your child's safety and well being, please bring them to the attention of the school administration and Donna Barner, our district coordinator of student support services and safer schools coordinator: donna.barner@sd78.bc.ca

Yours truly,
